## ARCHITECTURAL SYSTEMS

## About RITZ

RITZ Architectural Systems Inc. is a leader and innovator in the construction industry and a supplier/installer of:

- Prefinished metal cladding and roofing
- Insulated metal wall and roof cladding
- Fibre Cement cladding
- Steel Deck for roof and floor applications
- Aluminum Panel Systems in a wide range of PPG finishes
- Composite Panel Systems (3, 4, and 6mm) in a wide range of colours and finishes
- Wood Laminate and Wood Composite Panels
- Terra Cotta Panel Systems
- Specialty Metals:  
Zinc, Copper, Stainless Steel
- Shop Fabrication

Our diverse managerial team offers some of the most experienced personnel in the commercial, industrial, residential, and institutional building sectors.

Since our inception in 1986, we have grown and evolved to meet our customers' varying needs.

Cooperation in working with owners, architects, and contractors has helped us develop new systems and techniques to meet the requirements of any size project.

The ability to fabricate many of our own products allows for the quickest turnaround possible.

We have partnered with our various suppliers to offer the most comprehensive array of products available in the industry.

Our staff of designers, draftspeople, sales personnel, estimators, construction managers and installers can handle any project.

RITZ Architectural Systems Inc. is a Member of SMWIA Local 30, the Toronto Construction Association, Mississauga Construction Association, Toronto Sheet Metal Contractors Association, and the Canadian Welding Bureau.
